

# Drawing a Fox

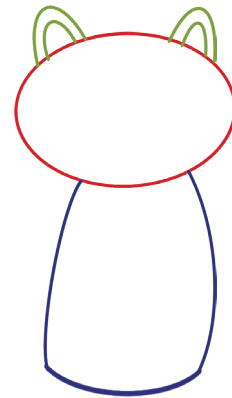

## Step 1

Draw an oval.

## Step 2

Draw two lines for the outside of the body and a line at the bottom to connect.

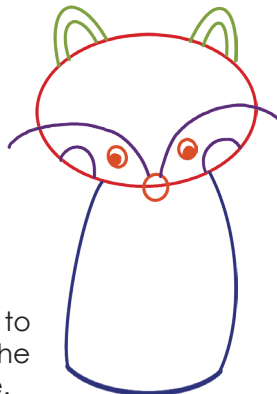

## Step 3

Draw 2 semi-circles for the ears and a smaller semi-circle inside each ear.

## Step 4

Draw circles for the eyes and nose. Remember, it doesn't have to look exactly the same as mine.

## Step 5

Starting at the nose, draw a curved line to and past the side of the head. And repeat on the other side. Add some cheeks.

## Step 6

Now draw a curved line for the tail in a sideways S. Then add some short lines or dashes for fur.

## Step 7

Connect or merge your fur lines to the outer shape of the lines of the body.

## Step 8

Erase any unwanted lines and add additional features if you would like. Clean your lines.

## Step 9

Now let's color our fox!
